Code 98028

NEW

Mask model. TF 2 Code 98711
Mask model. TF 2G Code 98720
Mask model. TF CM Code 98731

Inmobilization system composed of a low temperature thermoplastic TURBOFIX-RT™, expressly elaborated for radiotherapy, permanently bonded to a rigid frame, for making easy the mask elaboration.

The special coating avoids it to fix to the skin and hair giving maximum comfort to the patient, not being necessary any type of protection, being able to apply directly on the skin.

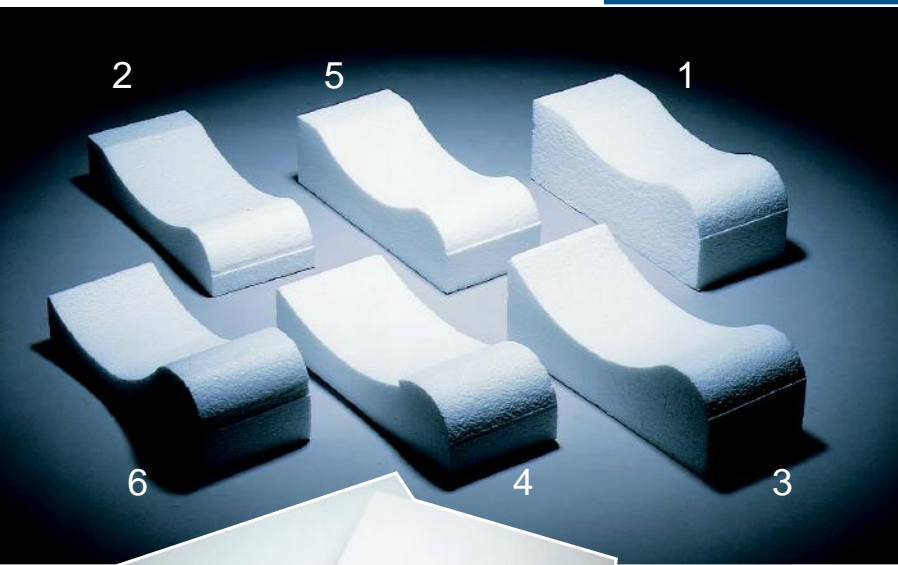

Its turquoise colour enables the control of the laser ray.

Low opacity to radiation.

Biodegradable.
